<b>Waste Description:</b>	Destruction & Recycling of Textbooks	<b>% To Landfill:</b>	0%
<b>Total Weight</b>	4024 Kgs	<b>Remarks:</b>	Collected By Green CC

Green Colour Code Waste Treatment declares that all the received products have been destroyed through enviro-friendly recycling.

These items were received by Green Colour Code Waste Treatment and applies a manual dismantling process at the Jabel Ali site in order to assure the maximum volume of secondary raw materials are recovered while minimizing negative effects on the environment. Every effort has been made to ensure the recycling of these materials has resulted in a minimum carbon footprint. Our processes strictly adhere to international standards established by the United Nations Environment Programmed, and the WEEE (Directive 2002/95/EC). Our work falls under Directive 2002/96/EC, which is promoting the collection and recycling of electrical and electronic equipment. The factories we work with all fall under these guidelines. We are ISO 9001, 14001, 10002 and 45001 accredited and have been audited and approved by many international companies. We offer compliant solutions to the WEEE Directive and other such international legislation.

Green Colour Code took ownership of these items upon receipt at the Green Colour Code facility. This report is for your information and records only.

Green Colour Code certifies that the recycling of these materials has not caused harm to health or the environment, either within or outside the United Arab Emirates.

We wish to thank you for having made the effort to fulfill this Corporate Environmental Responsibility by using a licensed electronic/electrical equipment recycler.

Green Colour Code operates with UAE Environmental Industrial License, not a Trading License and as such, our recycling processes are recognized and fully endorsed by UAE Municipalities.
